WE ARE ALL DRIVEN BY AN ELECTRICAL FORCE THAT BURSTS FROM WITHIN TO SEEK NEW EXPERIENCES. IT'S OFTEN UNEXPECTED, AND IT REQUIRES TRUE BOLDNESS TO DO SOMETHING DIFFERENT FROM THE NORM. THE TRUTH IS, IF WE CHOOSE TO AWAKEN THAT FORCE, WE FIND THAT NOTHING TAKES US FURTHER THAN THE IMPULSE OF A NEW GENERATION.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

THE IMPULSE TO FEEL

TIME TO START THINKING DIFFERENTLY ABOUT WHAT FUELS US. THERE IS ANOTHER WAY, AND IT CAN ONLY BE FELT. GIVE IN TO A NEW GENERATION OF DRIVING AND A NEW WAY OF EMBRACING THE THRILL IN THE ERA OF ELECTRIFICATION. WITH SWEEPING LINES AND A DEFYING SPIRIT, A NEW FORCE WILL AWAKEN IN YOU.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

EXTERIOR STYLING

Our global range of cars and product specifications varies from country to country.
Please, visit your local CUPRA website to know more about the product offer available for you.

A CHALLENGER SPIRIT

THE CUPRA BORN'S EXTERIOR EMBODIES ITS SPIRIT OF AGILITY AND PERFORMANCE. ITS URBAN DESIGN CONVEYS PURE SPORTINESS AND SOPHISTICATION, COMBINING DYNAMIC LINES AND A DARING SHAPE UNIQUE TO A FULLY ELECTRIC VEHICLE. THE IMPULSE FOR A NEW ERA OF ELECTRIC CARS.

↓ A BOLD LOOK

Eye-catching style from every angle. Echoing the sleek lines and character of the model, the rear bumper is shaped to bring out the strength of the CUPRA Born's challenger spirit.

↑ BUILT FOR FEELING

All-round aerodynamic performance. Experience the road like never before with exclusive 20" Blizzard Aero wheels with Glossy Black and Copper finishes that evoke a sporty personality.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

↑ *ILLUMINATION
THAT THRILLS*

The coast-to-coast rear light highlights the CUPRA Born's signature exterior with LED technology and impressive display when approaching the vehicle.

→ *DISTINGUISHED
APPEAL*

The CUPRA logo illuminates the ground when unlocking the vehicle, marking your place in the CUPRA Tribe.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

↑ *A SHOW
IN ITSELF*

A bright show upon unlocking, providing dynamic style, as well as a warm welcome.

INTERIOR STYLING

Steering wheel with satellites and e-Boost will be available from 1st Quarter of 2022.
Our global range of cars and product specifications varies from country to country.
Please, visit your local CUPRA website to know more about the product offer available for you.

SOPHISTICATED STYLE

STEP INTO THE CUPRA BORN AND EXPERIENCE SOMETHING TANGIBLE. THE CABIN FEATURES A DISTINCTIVE CHARACTER, INTELLIGENTLY MAXIMISING EVERY SPACE. THE INTERIOR ALSO HIGHLIGHTS OUR DEDICATION TO SUSTAINABILITY, MAKING USE OF RECYCLED MATERIALS IN A PROGRESSIVE DESIGN.

↑ LOOKING AHEAD

Intuitive digitalisation at its core. The CUPRA Born houses a 12" floating touchscreen. And the 5,3" Digital Cockpit displays only clear, relevant information along with the gearshift buttons and parking brake.

← BASK IN THE SUN

Stretch out in full comfort of contemporary, sustainable design. The Bucket Seats come upholstered in DINAMICA® fabric made using recycled materials, while the Panoramic Sunroof maximises the natural light of your interior.

Steering wheel with satellites and e-Boost will be available from 1st Quarter of 2022.

THE IMPULSE TO INSPIRE

POWER IS THE DRIVING FORCE THAT AWAKENS US ALL. IT'S THAT SINGLE MOMENT WHERE WE FEEL LIMITLESS CONTROL. AN INSTANT THAT LIVES ON LONGER THAN THE RIDE ITSELF. AN EMOTION THAT INSPIRES A NEW GENERATION.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

THE ULTIMATE IN URBAN ELECTRIC MOBILITY

Maximum torque meets instant acceleration with CUPRA's first 100% electric vehicle. Our fully electric engines are designed to make you feel a dynamic performance from the start.

- CUPRA Born 45: 150 HP (110 kW), 8.9 sec, 349 km.
- CUPRA Born 58: 204 HP (150 kW), 7.3 sec, 424 km.

• UNLEASHED CONTROL

An exhilarating driving experience. The CUPRA Born adjusts suspension to smoothly adapt to every bump and curve.

• AN ELECTRIFYING EXPERIENCE

The e-Sound system, specially customised by CUPRA, delivers signature character and emotion, emitting an exterior sound that lets pedestrians know you're around.

• A CAR WITH A BIG SPIRIT

An exhilarating CUPRA driving experience. This performance pack incorporates wider tyres with 20" Alloy wheels and DCC for a broader design and a remarkable grip.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

OUR COMMITMENT TO CARBON NEUTRALITY

Our ambitious decarbonisation program will use renewable energy to cut CO₂ emissions at every stage, from the supply chain and production process, right through to the point of handover to our customers.

And by offsetting all unavoidable emissions through certified environmental projects, we ensure net CO₂ neutral production and delivery of the CUPRA Born.

Our global range of cars and product specifications varies from country to country.
Please, visit your local CUPRA website to know more about the product offer available for you.

THE IMPULSE TO GO FURTHER

ONLY ONE IDEA IS NEEDED TO CHANGE THE STATUS QUO AND SPARK INNOVATION. EMBRACE THE CHALLENGE THAT MOVES US CLOSER TOWARDS ANOTHER WAY OF DRIVING ELECTRIC. TOWARDS THAT IMPULSE THAT LIVES IN EACH ONE OF US.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

CHARGING YOUR CUPRA BORN

AT HOME OR ON THE ROAD, YOU'LL FIND SIMPLE CHARGING SOLUTIONS TO GET YOU WHERE YOU'RE GOING EVERY TIME.

HOME CHARGING

Have your wallbox charger installed at home or work and enjoy powering up at your convenience. Rest assured knowing our chargers adhere to strict safety regulations that prevent electrical overload even during a power cut. There are three compact charging solutions to choose from.

• CUPRA CHARGER

The best Plug & Play solution to charge safely, easily and quickly. Available in 1-phase and 3-phase versions for up to 11 kW AC*.

• CUPRA CHARGER CONNECT

Connects via wifi to your home and company network for remote manageability. Letting you check updates & data via your smartphone. Unlockable with an RFID authentication card.

• CUPRA CHARGER PRO

All the benefits of the CUPRA Charger Connect adding LTE connectivity when a WIFI network is not available & a certified MID electric meter. Also allows you to monitor consumption for further control over car usage.

*Charging times vary in relation to the following factors: external temperature, battery temperature, maximum voltage of your charger system and condition of charger and battery.

PUBLIC CHARGING

It is now easier than ever to switch to electric. Each year, the number of public charging points increases exponentially. As electric-car infrastructure develops, more and more charging points are being installed near hotels, restaurants, and shopping centres, giving you utmost convenience no matter where you're headed.

EASY CHARGING APP

One streamlined app to make charging at home or in public hassle-free. The Easy Charging App allows you to remotely control your charge at home or at work. When you're on the road, the app gives you access to the nearest charging points from your phone, and helps you navigate there via the best route. You can even use the app to filter charging points by plug type, availability or charging performance, allowing a swift and flexible charging experience wherever you are.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ENROLLING WITH CUPRA CONNECT GEN4

WELCOME ADVANCED NAVIGATION
AND CONTENT AS YOU DRIVE, ALONG
WITH ADDED SECURITY AND A REMOTE
CONNECTION TO YOUR CUPRA BORN
VIA MY CUPRA APP.

Download
My CUPRA App

To use CUPRA CONNECT GEN4 services, you need to register through My CUPRA App. Simply create your CUPRA ID, log in with your username and password, then sync your car with your mobile to start enjoying an array of services.

If you would like a step-by-step guide on the enrolment process, [click here](#).

→ THERE FOR YOU, NIGHT AND DAY

Utmost safety and comfort.
The eCall service is integrated to
directly connect with emergency
services in the case of an accident,
using both a telephone and data link.

EVERYTHING WITHIN REACH

Using the advanced 12" Navi System, you can:

- Access online navigation with route information and maps updated in real-time.
- Easily check power types and opening hours when searching for a charging station.
- Browse more than 10,000 radio stations and podcasts from around the world.
- Make use of an upgraded "Hola Hola" with natural voice commands to dictate messages and access online content.

A SMARTER CONNECTION

WHAT IS MY CUPRA APP?

A new exclusive App for CUPRA CONNECT GEN4 that allows you to interact with your CUPRA Born. My CUPRA App manages some of the services included with CUPRA CONNECT GEN4, with the rest of the online services managed directly from the infotainment display, as long as you are enrolled.

Some of the services included:

- E-manager: Effortlessly check the current battery charge and loading status of your CUPRA Born and set the desired charge percentage.
- Air-conditioning: Set your ideal temperature remotely from the app by using the plus and minus buttons. You can also heat the front seats and activate/deactivate rear window heating.
- Routines: You can view and edit the routines created from inside your CUPRA Born, so that you can have your car charged and air-conditioned with your desired time and day in your selected locations.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

A PROGRESSIVE DRIVING EXPERIENCE

THE CUPRA BORN TAKES YOU FURTHER WITH INTUITIVE AND FUTURE-POWERED SOLUTIONS. EVERY FEATURE IS DESIGNED AND ENGINEERED TO ENSURE YOUR UTMOST COMFORT, SAFETY AND CONVENIENCE, EMBARKING YOU ON A NEW ROAD TOWARDS SEAMLESS DRIVEABILITY.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

CUPRA BORN

· A NEW ERA FOR PERFORMANCE

Enjoy an immersive driving experience with state-of-the-art technology. The AR-HUD (Augmented Reality Head-up Display) overlays driving directions and warnings directly onto the windscreen.

*Some augmented reality HUD functionalities will be available from 2022.

· SIT BACK AND PARK

Intelligent Park Assist lets you comfortably relax in your seat as it parks your car for you by automatically carrying out optimum steering movements when entering and exiting a parking space.

· NO MORE BLIND SPOTS

Guiding you right into your parking spot. Enjoy 360° visibility around your car with the help of four cameras, the 12" Infotainment screen, as well as the front, rear and exterior mirrors that all work together to give you a clearer view of your surroundings.

· ONE STEP AHEAD

Innovative vehicle networking. Intelligent CAR2X technology has the capability to wirelessly connect with other cars to share information like road works or other traffic updates. By constantly analysing traffic solutions, this functionality finds the fastest and safest route for you each time.

→ **ALWAYS AWARE**

Before opening your door to get out, Exit Assist gives off a visual and acoustic warning when there is approaching traffic. This technology is especially helpful to alert you of upcoming cyclists or motorcyclists, whose approach is usually less noticeable.

→ **ALWAYS BY YOUR SIDE**

Constantly monitoring driving conditions. Turning Assist and Evasive Steering Assist features provide alerts or correct your path to avoid potential collisions when turning or steering may be necessary.

← **READY FOR ANYTHING**

In the event of a collision, Pre-Crash Assist uses advanced sensors to brace the vehicle by tightening seatbelts, closing windows and deploying airbags if necessary.

← **BEHIND YOU ALL THE WAY**

There when you need it. Rear Traffic Alert helps to detect approaching vehicles when backing out of driveways or parking spaces, engaging an auditory warning to begin with, or automatically braking if necessary.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

↑ *POWER AT YOUR FEET*

Maintain sturdy control. Sleek Dark Aluminium pedals are built to last, giving you endless performance along with all the grip you need.

↓ *NOT EVEN THE SMALLEST WORRY*

The practical semirigid boot tray makes sure to keep dirt and moisture off and comes in two versions for normal or deeper trunks. With the use of the boot tray, the double floor in the deeper trunk allows you to switch dimensions and store objects with double the height in your boot.

↗ *DOWN TO THE DETAIL*

Keep your interior looking newer for longer. Choose between premium floor mats in Black or Petrol Blue or durable rubber floor mats, and preserve your CUPRA Born's effortless style.

↓ *PROTECTION ALL THE WAY*

Safety wherever you go. These specially designed front and rear mudflaps catch dirt, debris, mud or stones that may fly up from the road onto the underside or body of your car.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

CUPRA BORN

ACCESSORIES

FULLY COVERED, THE CUPRA WAY

DRIVE THE IMPULSE

What truer or greater sensation is there than to fully follow your emotions? To power up and go ahead with what the heart wants. That's what driving the impulse is all about. At CUPRA we have a world of services all uniquely designed to improve your electric experience at every turn. This personalised care comes with our unique commitment, it's there to ensure you can continue moving through your world as you desire; with complete confidence and zero worries in sight.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

A UNIQUE APPROACH

Following a distinctive path requires incomparable cover. CUPRA aftercare services offer the finest possible protection for your CUPRA Born. With unique packages to suit your needs, so you can embrace the freedom to focus on the drive ahead; safe in the knowledge that unforeseen expenses are truly a thing of the past. From our CUPRA Small Package to the CUPRA Medium and CUPRA Large Packages, we'll ensure your approach is fully covered under one monthly streamlined payment:

- **SMALL PACKAGE**

Our basic pack covers all essential servicing – ideal for those who travel locally but still want to keep their CUPRA in tip-top condition.

- **MEDIUM PACKAGE**

Made for frequent and long-distance drivers. In addition to the features included in the Small Pack, the Medium Package comes with additional Service & Limited Maintenance, a 3-year Warranty and Roadside Assistance.

- **LARGE PACKAGE**

Our most comprehensive care package includes everything from our Small and Medium packages, but with added Tyre Replacement, Full Maintenance and Insurance.

*e-CARE services may differ according to market.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

OUR SERVICES

At CUPRA, we're right there with you. We always guarantee professional assistance; so, you're fully covered to go on following your emotions with complete freedom. Our range of unique services provide total peace of mind, letting you make the most of your CUPRA Born. This means no worries and calmer journeys, safe in the knowledge that you can drive the impulse while enjoying the following expert services:

- **WARRANTY EXTENSION**
The CUPRA Warranty Extension lets you extend your 2-year manufacturer's warranty for 1, 2 or 3 years, or up to 100,000 km – it depends on which you arrive at first. And if your car is new, the warranty comes fully included.
- **CUPRA MOBILITY SERVICES**
If you find yourself needing a tow, or you're completely out of power, we're here for you. Giving you top-class roadside assistance 24/7, for up to a 10-year period. We'll help you no matter where you are in the E.U, including most neighbouring countries, and you'll even get 2 years free when you first purchase your CUPRA.
- **RELAX INTO THE IMPULSE**
CUPRA Insurance is tailor made for your car, so you can drive with peace of mind, all year round. Our 24-hour customer service and official workshops, which use only genuine CUPRA parts, will get you back on the road immediately. And should you ever experience vandalism or theft, we'll always arrange a courtesy car for you.
- **FULLY COVERED**
CUPRA Services and Maintenance contracts cover most services in the CUPRA Programme for the first 3, 4 or 5 years of ownership. Available in Basic or Premium, with options for financing. This way, you can continue to feel the impulse, care-free every time you get behind the wheel.

Our global range of cars and product specifications varies from country to country.
Please, visit your local CUPRA website to know more about the product offer available for you.

ENVIRONMENTAL INFORMATION

CARBON NEUTRAL

The CUPRA Born is the first model to be delivered to customers net CO₂-neutral. This concept involves offsetting the CO₂ emissions generated during the manufacturing process and the vehicle logistics until it is delivered to the customer.

LIGHTS

Incorporating Eco LED headlamps with light guides allows for a low power consumption in low beam, high beam and fog lights, increasing the headlamps' useful life with respect to halogen headlamps.

The headlamps housing is made with at least 50% recycled material.

BATTERIES

The aluminium casing contributes to making the vehicle lighter.

AERODYNAMICS

Improved and enhanced vehicle aerodynamics, thanks to optimised design throughout the bodywork, wheels and cooling system.

ACOUSTICS

The acoustic package has been adapted to ensure compliance with the sound and comfort expected of a 100% electric vehicle.

Move to ZERO, CUPRA's environmental mission
Climate Change. Resources. Air Quality. Environmental compliance.

TYRES

Tyres with the lowest rolling resistance on the market.

BRAKES

Brake regeneration permits an increase in battery range because the electric motor acts as a generator when braking. It also reduces particle emissions.

BODYWORK

By using aluminium in the body structure we reduce the weight of the vehicle.

SEATS

The use of new PUR foam formulations reduces the emission of volatile organic compounds (VOCs) in the cabin interior by up to 50%.

RECYCLED MATERIALS

SEAQUAL® recycled textile material is used in the seats, partially coming from plastic collected from the sea.

DINAMICA® recycled microfibres are used on seats, armrests, and door panels. Recycled polyester produces up to 80% less energy use and CO₂ emissions in its manufacturing.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ENVIRONMENTAL INFORMATION

ECOLOGICAL DRIVING

ECO-Assist: The PEA (Predictive Efficiency Assist) function seeks out the most efficient way to reach your destination when there are no driving assistance systems activated (without adaptive cruise control, ACC, or speed control system, GRA). Based on the predictive data provided by the navigational system (slope of the road, information on intersections/roundabouts, etc.), the engine control unit calculates and lets the driver know when they can lift their foot from the accelerator, thus driving in the most efficient way possible.

CUPRA Drive Profile: This allows the customer to choose between different driving profiles that will change the vehicle's behaviour. One of these profiles is the RANGE, which, among other actions, adjusts the climate control and changes the propulsion parameters to reduce energy consumption.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

TECHNICAL SPECIFICATIONS

Discover all the technical specifications by engine type, from emissions and consumption data; to performance statistics and transmission types.

Here you'll find all the technical aspects covered so you can make an informed selection when it comes to your CUPRA Born.

The values mentioned are the result of the type approval of the selected model, in accordance with Regulation CE 2018/858. The available power (kW) and acceleration of the model depends on the state of charge of the battery and its temperature.

The accurate range for your vehicle will vary according to a number of different factors which include the route, weather conditions, vehicle load (occupants + luggage), battery age and condition, optional equipment (alloys, tyres, etc.), the use of peripheral energy consumption systems such as heating, air conditioning and heated seats, as well as your driving style. The indicated range has been calculated in compliance with the WLTP regulation which sets out standard test conditions applicable to all car manufacturers. This ensures that the values calculated in accordance with this regulation are comparable for all vehicles.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.
